MEGreenPower

Join 4,600+ Mainers supporting local renewable energy and reducing their carbon footprint through Maine Green Power.

A program sponsored by
Maine Public
Utilities Commission

There are 3 ways to enroll:

- Fill out and return this form
- Sign up online at megreenpower.com/gogreen
- Scan the QR code:

Dear **First Name**:

Did you know there's a simple way to reduce your carbon footprint and support renewable energy right here in Maine? Whether you're a homeowner, renter, or business, you can easily reduce your environmental impact by enrolling in Maine Green Power.

Match all or a portion of your electricity use with **100% Maine-made renewable energy**.

LOCAL

Support Maine-based renewable energy projects.

SIMPLE

No contract, third-party billing, or installation hassles. Cancel anytime.

SUSTAINABLE

Reduce your carbon footprint by matching your home's electricity use with emission-free renewable energy.

AFFORDABLE

Match 250 kWh of your electricity usage for an additional \$4.95 a month.

With Maine Green Power, you can easily reduce your environmental impact by matching your home's electricity use with no-emission renewable energy. There are no contracts or installation hassles, just an added line item on your electricity bill. Rest assured, **you'll still receive electricity from your current supplier.**

Over 4,600 Mainers have already made the commitment to make a difference by being a part of the Maine Green Power community.

Sign up today, and help grow a greener, cleaner Maine for generations to come!

Sincerely,
The Maine Green Power Team

Sponsored by the Maine Public Utilities Commission, Maine Green Power offers every Mainer the option to choose Maine-made energy from sources that replenish themselves naturally — like wind, water, sun, or forests.

Make a difference today!

- We are Maine-made energy
- We are 100% renewable energy
- We bill through your own utility
- You can cancel or change levels at any time.

No other renewable energy program can say the same!

megreenpower.com/gogreen

If the weighted average price of Maine-located RECs is greater than \$9.00/REC, then REC supply may be procured from NEPOOL-registered resources outside of Maine. If the weighted average price of program-eligible, NEPOOL-located RECs is greater than \$9.00/REC, then, subject to MPUC approval, REC supply may be procured from any state that contains a portion of the PJM interconnect territory.

YES! I want to support Maine-made renewable energy at the monthly rate of:

- ½ Block (250 kWh per month, \$4.95 per month) << MOST POPULAR**
- 1 Block (500 kWh per month, \$8.95 per month)
- 2 Blocks (1000 kWh per month, \$17.90 per month)
- 3 Blocks (1500 kWh per month, \$26.85 per month)

*The amount you choose will be added to your electric bill each month and is in addition to your existing electric service. You may cancel at any time without penalty.

My distribution company is:

- Central Maine Power Versant Power
